1877  HOME CARE OF CHILDREN WITH FOP (FIBRODYSPLASIA OSSIFICANS PROGRESSIVA)

Objective This study was planned for quantification of validity and confidence of the "What Being the Parent of a Baby is Like (WFL)" scale in Turkish women who have the first baby.

Material-Methods This study is composed of the 81 mothers who have the first baby. The scale, was created by Karen Fridham, administrated to the mothers at the end of 1st week, 1st month and 3rd month. A questionnaire of sociodemographic aspects of mothers and "What Being the Parent of a Baby is Like" scale were used for the collection of the data.

Results Cronbach alpha coefficients which were collected from the graphic rating scales are ranged between 10.13 and 82.07. All the subdimensions except the "Centrality" are appreciated that they have validity and confidence.

Conclusion The scale can be used for evaluation of a mother's, that has a new baby after laboring, quality at the same time it can be used as a guide for compliance for motherhood and entire dealing in Turkey.

1878  THE RELATIONSHIP BETWEEN GCS AND LENGTH OF PICU STAY

Objective This study was planned for quantification of validity and confidence of the Glasgow Coma Score (GCS) scale in Turkish women who have the first baby.

Material-Methods This study is composed of the 81 mothers who have the first baby. The scale, was created by Karen Fridham, administrated to the mothers at the end of 1st week, 1st month and 3rd month. A questionnaire of sociodemographic aspects of mothers and "What Being the Parent of a Baby is Like" scale were used for the collection of the data.

Results Cronbach alpha coefficients which were collected from the graphic rating scales are ranged between 10.13 and 82.07. All the subdimensions except the "Centrality" are appreciated that they have validity and confidence.

Conclusion The scale can be used for evaluation of a mother's, that has a new baby after laboring, quality at the same time it can be used as a guide for compliance for motherhood and entire dealing in Turkey.
1878 The Relationship between GCS and Length of PICU Stay
