

ARCHIVES OF DISEASE IN CHILDHOOD

The Journal of the British Paediatric Association

Annotation

Home monitoring of diabetic control
J D Baum

Original articles

Measurement of the growth of the lateral ventricles in preterm infants with real-time ultrasound
M I Levene

A longitudinal study of post-haemorrhagic ventricular dilatation in the newborn
M I Levene and D R Starte

Apparent prevention of neural tube defects by periconceptional vitamin supplementation
R W Smithells, S Sheppard, C J Schorah, M J Seller, N C Nevin, R Harris, A P Read, and D W Fielding

Validity of routine clinical test weighing as a measure of the intake of breast-fed infants
M F Whitfield, R Kay, and S Stevens

Differences in physical characteristics, perinatal histories, and social backgrounds between children with growth hormone deficiency and constitutional short stature
G V Vimpani, A F Vimpani, S J Pocock, and J W Farquhar

Ultrastructural abnormalities of bronchial cilia in children with recurrent airway infections and bronchiectasis
L Corbeel, F Cornillie, J Lauweryns, M Boel, and G Van den Berghe

Spirolactone therapy in infants with congestive heart failure secondary to congenital heart disease
S M Hobbins, R S Fowler, R D Rowe, and A G Korey

Eczema and atopy in early childhood: low IgA plasma cell counts in the jejunal mucosa

K S Sloper, C G D Brook, D Kingston, J R Pearson, and M Shiner

Seasonal changes in perinatal vitamin D metabolism: maternal and cord blood biochemistry in normal pregnancies
C M Verity, D Burman, P C Beadle, J B Holton, and A Morris

Personal practice

Investigation and management of neonatal jaundice: a problem-orientated case record
P M Mathew and B A Wharton

Short reports

Percutaneous transhepatic occlusion for bleeding oesophageal varices in polycystic disease
I A Laing, T A S Buist, and M S Fraser

Benign paroxysmal torticollis in infancy
T Deonna and D Martin

Postural deformities in congenital nephrotic syndrome
G Morgan, R J Postlethwaite, M Lendon, I B Houston, and J M Savage

Down's/Turner's mosaicism. Double aneuploidy as a rare cause of missed prenatal diagnosis of chromosomal abnormality
R MacFaul, T Turner, and M K Mason

Annotations

- Nursing sick children. *C Chantler* 241
 Ketotifen and asthma. *J K Sarsfield* 243

Original articles

- Hearing, speech, and language in survivors of severe perinatal asphyxia. *S W D'Souza, E McCartney, M Nolan, and I G Taylor* 245
 Congenital diaphragmatic hernia in the older child. *P D Booker, P W D Meerstadt, and G H Bush* 253
 Hypertrophic cardiomyopathy in infants of poorly-controlled diabetic mothers. *H L Halliday* 258
 Rotavirus, adenovirus, and non-viral enteropathogens in diarrhoea. *T Vesikari, M Mäki, H K Sarkkinen, P P Arstila, and P E Halonen* 264
 Do infants with stage IV-S neuroblastoma need treatment? *A E Evans, E Baum, and R Chard* 271
 Testicular function after combination chemotherapy in childhood for acute lymphoblastic leukaemia. *S M Shalet, I M Hann, M Lendon, P H Morris Jones, and C G Beardwell* 275
 Defect of neutrophil mobility with dominant inheritance in a family with Waardenburg's syndrome. *A R Hayward, R Mowla, and B Harvey* 279
 Immune status of the neonate maintained on total parenteral nutrition. *P Puri, D J Reen, O Browne, and E J Guiney* 283
 Reye's syndrome: diagnosis by muscle biopsy? *Y Shapira, R Deckelbaum, M Statter, A Tennenbaum, M Aker, and R Yarom* 287
 Benign carotenaemia in children. *P J Congdon, J Kelleher, P Edwards, and J M Littlewood* 292
 Objective birth data and the prediction of child abuse. *J F Murphy, J Jenkins, R G Newcombe, and J R Sibert* 295
 Renin and angiotensin levels in children. *F Broughton Pipkin, O R C Smales, and M J O'Callaghan* 298

Short reports

- Bed occupancy not an index of efficiency. *R M Forrester* 303
 Ketotifen in the prophylaxis of childhood asthma. *R C Groggins, E J Hiller, A D Milner, and G M Stokes* 304
 Congenital hypertension due to unilateral renal vein thrombosis. *D J Evans, M Silverman, and N B Bowley* 306
 Early motor development in metachromatic leucodystrophy. *J Zlotogora, H Costeff, and E Elian* 309
 Rubella and juvenile chronic arthritis. *M F Smith, G B Haycock, and R Grahame* 310
 Cot death among children of nurses. Observations of breathing patterns. *F Mandell* 312

No 8 August 1981—continued

Cholestatic jaundice in infancy. The importance of familial and genetic factors in aetiology and prognosis. <i>N T Henriksen, P-A Drabløs, and Ø Aagaenæs</i>	622
Plasma active vitamin D concentration in low birthweight infants with rickets and its response to vitamin D treatment. <i>Y Seino, T Ishii, T Shimotsuji, M Ishida, and H Yabuuchi</i>	628
Familial X-linked adrenocortical hypoplasia association with androgenic precocity. <i>D F Wittenberg</i>	633
Short reports	
Saliva carbamazepine and phenytoin level monitoring. <i>G W Rylance and T A Moreland</i> . With commentary <i>A Richens</i>	637
Early infantile variant of Krabbe globoid cell leucodystrophy with lung involvement. <i>J T R Clarke, R L Ozere, and V W Krause</i>	640
Prognosis of convulsions between 1 and 6 months of age. <i>T O'Brien, R Counahan, B O'Brien, and J F Cosgrove</i>	643
Bradycardia and associated respiratory changes in neonates. <i>M L Smith and A D Milner</i>	645
Nebulised cromoglycate, theophylline, and placebo in preschool asthmatic children. <i>J Glass, L N J Archer, W Adams, and H Simpson</i>	648
Testicular complications in connective tissue disease. <i>N J Tangney</i>	651
Correspondence	653
Book reviews	655

No 9 September 1981

Annotations	
Brain death in children. <i>R O Robinson</i>	657
Of labour and the lungs. <i>R E Oliver</i>	659
Original articles	
The Robin anomalad (Pierre Robin syndrome)—a follow up study. <i>A J Williams, M A Williams, C A Walker, and P G Bush</i>	663
Reduction of skin water loss in the newborn. I. Effect of applying topical agents. <i>N Rutter and D Hull</i>	669
Reduction of skin water loss in the newborn. II. Clinical trial of two methods in very low birthweight babies. <i>J E H Brice, N Rutter, and D Hull</i>	673
Sickle cell haemoglobinopathies in England. <i>J R Mann</i>	676
Haemoglobin and prognosis in childhood acute lymphoblastic leukaemia. <i>I M Hann, J H Scarffe, M K Palmer, D I K Evans, and P H Morris Jones</i>	684
Whooping cough—a study of severity in hospital cases. <i>D A Robinson, B K Mandal, A G Ironside, and E M Dunbar</i>	687
Cerebrospinal fluid lactic acidosis in bacterial meningitis. <i>J Eross, M Silink, and D Dorman</i>	692
Familial gout and renal failure. <i>D J Warren, H A Simmonds, T Gibson, and R B Naik</i>	699
Toddler diarrhoea and prostaglandins. <i>J A Dodge, I A Hamdi, G M Burns, and Y Yamashiro</i>	705
Vitamin status in treated patients with cystic fibrosis. <i>P J Congdon, G Bruce, M M Rothburn, P C N Clarke, J M Littlewood, J Kelleher, and M S Losowsky</i>	708
Familial cytomegalic adrenocortical hypoplasia: an X-linked syndrome of pubertal failure. <i>I D Hay, P J Smail, and C C Forsyth</i>	715
Short reports	
Actions of salbutamol, disodium cromoglycate, and placebo administered as aerosols in acute asthma. <i>F Hasham, J D Kennedy, and R S Jones</i>	722
The steatocrit: a simple method for estimating stool fat content in newborn infants. <i>P Phuapradit, A Narang, P Mendonca, D A Harris, and J D Baum</i>	725
Effects of maternal smoking on fetal growth and nutrition. <i>A R J Bosley, J R Sibert, and R G Newcombe</i>	727
Bronchodilator effect of inhaled ipratropium bromide in wheezy toddlers. <i>I G C Hodges, R C Groggins, A D Milner, and G M Stokes</i>	729

No 11 November 1981

Annotations	
Prophylaxis in bacterial meningitis. <i>H D Wilson</i>	817
Examinations in paediatrics. <i>A D M Jackson</i>	820
Original articles	
Results of selective treatment of spina bifida cystica. <i>J Lorber and S A W Salfield</i>	822
Child growth (0-5 years), and the effect of entitlement to a milk supplement. <i>P C Elwood, T J L Haley, S J Hughes, P M Sweetnam, O P Gray, and D P Davies</i>	831
Behavioural effects of phenobarbitone and phenytoin in small children. <i>C J Bacon, J D Cranage, A M Hierons, M D Rawlins, and J K G Webb</i>	836
Serious infections during continuing treatment of acute lymphoblastic leukaemia. <i>J Ninane and J M Chessells</i>	841
Congenital hypothyroidism. Clinical and laboratory characteristics in infants detected by neonatal screening. <i>D A Price, R M Ehrlich, and P G Walfish</i>	845
Comparison of the intravenous insulin and oral clonidine tolerance tests for growth hormone secretion. <i>The Health Services Human Growth Hormone Committee</i>	852
Deficiency of non-suppressible insulin-like activity in thalassaemia major. <i>G A Werther, R Matthews, H G Burger, and A C Herington</i>	855
Automated analysis of morphological change in the duodenal mucosa of children with coeliac disease. <i>E A M Tulloh, J M Baylis, and D N Challacombe</i>	860
New immunofluorescent blood test for gluten sensitivity. <i>D J Unsworth, P D Manuel, J A Walker-Smith, C A Campbell, G D Johnson, and E J Holborow</i>	864
Use of external expiratory resistance in intubated neonates to increase lung volume. <i>A S Moomjian, J G Schwartz, J G Shutack, A R Rooklin, T H Shaffer, and W W Fox</i>	869
Glucose-6-phosphate dehydrogenase status and neonatal jaundice. <i>K L Tan</i>	874
Short reports	
Percutaneous absorption of chlorhexidine in neonatal cord care. <i>P J Aggett, L V Cooper, S H Ellis, and J McAinsh</i>	878
Device for continuous urine collection in the newborn. <i>R J Lund, H B Valman, and A Platt</i>	880
Chromosome 15 in floppy infants. <i>A C Berry, A J Whittingham, and B G R Neville</i>	882
Galactosaemia: a new severe variant due to uridine diphosphate galactose-4-epimerase deficiency. <i>J B Holton, M G Gillett, R MacFaul, and R Young</i>	885
Umbilical care and cord separation. <i>I Arad, F Eyal, and P Fainmesser</i>	887
A controlled trial of a regularly cycled oscillating waterbed and a non-oscillating waterbed in the prevention of apnoea in the preterm infant. <i>R A K Jones</i>	889
Correspondence	892
