Correction

Britton PN, Khoury L, Booy R, *et al.* Encephalitis in Australian children: contemporary trends in hospitalization (*Arch Dis Child* 2016;101:51–6). In table 2, mosquito-borne encephalitis is incorrectly listed as being identified by the ICD-10 code 'A32.x'. This code should read 'A83.x'. Also, in the 'Funding' section, the 'Norah Therese-Hayes' scholarship should be the 'Norah Therese Hayes-Ratcliffe' scholarship.
