NOTICE TO SUBSCRIBERS.

Subscriptions are payable to the British Medical Association. Address :
British Medical Association House, Tavistock Square, London, W.C.1.

NOTICE TO CONTRIBUTORS.

All papers submitted for publication should be sent to Dr. Alan Moncrieff, 121, Harley Street, London, W.1. All other editorial matters should be referred to Dr. Charles Harris, 31, Weymouth Street, London, W.1. Papers sent for publication should be typewritten. Illustrations will usually be inserted in the text itself, and care should be taken that the text is marked to show the desired position of each illustration. Charts and curves accompanying papers should be carefully drawn on tracing linen. Any lettering on these drawings should be lightly inserted in pencil.

References must be arranged according to the Harvard system. In the text the year of publication must follow the author's name, more than one paper in any one year being indicated by a small letter (a, b, c) after the date. No numbering of references is necessary. At the end of the contribution references are arranged in the alphabetical order of the authors' names. The reference details are then given as follows : Author's name, initials, year of publication (in brackets), title of periodical (in italics, abbreviated according to the *World List of Scientific Periodicals*), volume number (bold type, Arabic numerals) and page number (ordinary type, Arabic numerals). When a book is referred to, the place of publication, edition and page should be given. Further details of the system can be studied in the *British Medical Journal*, January 2nd, 1937, p. 33.

Contributors will receive one proof in page, but it is assumed that all but verbal corrections have been made in the original manuscript ; an allowance at the rate of ten shillings per sheet of sixteen pages is made for alterations in the proof (printer's errors excepted), and contributors will be responsible for any excess.

Twenty-five free reprints of articles will be given, if desired, to contributors. Additional reprints at cost price can be supplied if application is made when returning proofs. An estimate of costs will be given if desired on application to the British Medical Association.

Papers which have been published become the property of the ARCHIVES and permission to republish must be obtained from the Editors.
