 HOWARD WILLIAMS (Melbourne, Australia).

## NOTICE TO SUBSCRIBERS

Subscriptions are payable to the British Medical Association. Address : British Medical Association House, Tavistock Square, London, W.C.1.

## NOTICE TO CONTRIBUTORS

Papers submitted to this journal are accepted on the understanding that they have not been and will not be published in whole or in part in any other journal, and are subject to editorial revision. All papers and other editorial communications should be addressed to Dr. Philip R. Evans, Department of Child Health, Guy's Hospital, London, S.E.1. The author of an original article should make adequate references to previous work on his chosen subject. A full summary of his observations and conclusions must be given.

Articles must be as concise as possible and be typewritten *on one side of quarto paper only, with double spacing and a margin of not less than 1½ in.* Only recognized abbreviations should be used. Graphs, charts, tables, and legends for them should be presented on separate sheets and not included in the text. When half-tone reproduction of x-ray illustrations is required, the author is advised to send the original film unless he wishes to bring out special points in a print of his own choice. Photographs and photomicrographs should be printed on glossy paper, should be larger than the size desired for reproduction, and, if transmitted through the post in a tube, should be rolled with the picture outside. With the exception of letters and numbers, which should be lightly written in pencil, everything that is to appear in the reproduction of a graph or chart should be carefully drawn in black ink on tracing linen, or Bristol board, or stout, smooth, white paper.

References should be arranged according to the Harvard system. In the text, the year of publication must follow the author's name, more than one paper in any one year being indicated by a small letter (a, b, c) after the date. No numbering of references is necessary. At the end of the contribution references are arranged in the alphabetical order of the authors' names. The reference details are given as follows : Author's name and initials, year of publication (in parentheses), title of periodical (in italics, abbreviated according to the *World List of Scientific Periodicals*), volume number (bold type, Arabic numerals), and first page number (ordinary type, Arabic numerals) thus :

Cowan, J. (1929). *Quart. J. Med.*, 22, 237.

When a book is referred to, the place and year of publication, edition, and page number should be given.

Contributors will receive one proof, but it is assumed that all but verbal corrections have been made in the original manuscript ; an allowance at the rate of ten shillings per sheet of sixteen pages is made for alterations in the proof (printer's errors excepted), and contributors will be responsible for any excess.

Fifty free reprints of articles will, if desired, be given to contributors. A limited number of additional reprints at-cost price can be supplied if application is made when returning proofs. An estimate of costs will be given on application to the Publishing Manager, British Medical Association.

Papers which have been published become the property of this Journal, and permission to republish must be obtained from the Editor.

Application for advertisement space should be addressed to the Advertisement Manager, British Medical Association, Tavistock Square, London, W.C.1 (Euston 2111).

## SIXTH INTERNATIONAL CONGRESS OF PAEDIATRICS

The Sixth International Congress of Paediatrics will be held at the end of July, 1950, in Zürich, Switzerland. President, Professor G. Fanconi, M.D.

## Programme

- Friday, July 21. Opening of the scientific and industrial exhibition. Opening of the public exhibition, organized by the World Health Organization, the International Red Cross, and the International Union for Child Welfare.  
 Friday, July 21, and Saturday, July 22. Advanced lectures, partly intended as introduction to the group lectures.  
 Sunday, July 23. Official reception (evening).  
 Monday, July 24, p.m. to Thursday, July 27. Group lectures of which six to seven will be held simultaneously.  
 Thursday, July 27, p.m. Excursion on the Lake of Zürich.  
 Friday, July 28, a.m. Second Plenary Session.  
 Friday, July 28, p.m. Group lecture held jointly with the International Union against Venereal Disease.  
 Friday, July 28. Banquet.  
 Friday, July 28 and Saturday, July 29. Advanced lectures.  
 Monday, July 31 (evening). Close of the exhibition.

During the Conference there will be demonstrations and conducted tours through a number of laboratories, hospitals and welfare institutions. Tours of historical interest will be arranged and also a special programme for ladies.

## Last Date for Registering

The date for registering for the Congress has been

deferred to *Saturday, April 22, 1950*, and registrations must be made with the American Express Co. Inc., Sihlporteplatz 3, Zürich, or their agencies or correspondents in the different countries.

## Congress Cards

Each participant in the Congress must be in possession of a congress card which is available at the agencies and correspondents of the American Express Co. Three different types of congress cards will be issued.

**Congress Card Serie "A"**, Sw. frs. 100. This entitles the holder to participate in all sessions, visits and receptions, including the official reception, the official banquet, and the excursion on the Lake of Zürich; also to free admission to the scientific and industrial exhibition, and receipt of all printed Congress literature.

**Congress Card Serie "B"**, Sw. frs. 60. This card is for accompanying ladies. It entitles the holder to participate in all sessions, visits, and receptions; to free admission to the scientific and industrial exhibition; and to take part in the entertainments provided in the ladies' programme.

**Congress Card Serie "C"**, Sw. frs. 60. This entitles the holder to participate in all scientific sessions, to free admission to the scientific and industrial exhibition, and to receipt of all printed Congress literature.

## Hotel Accommodation

Applications for hotel accommodation have to be made with the agencies or correspondents of the American Express Co. Arrangements can also be made through the American Express Co., for those travelling under restricted financial allowances, to obtain cheaper accommodation, i.e. bed, breakfast, and one meal at Sw. frs. 10. per day.
