C. O. Carter

Appointed by the British Paediatric Association and the British Medical Association.
President of the British Paediatric Association
Editor, British Medical Journal
Technical Editor: Susan Burkhart

Notice to Contributors

Papers for publication should be sent to the Editors, Archives of Disease in Childhood, B.M.A. House, Tavistock Square, London WC1H 9JR. Submission of a paper will be held to imply that it contains original work which has not been previously published. Permission to republish must be obtained from the Editors.

Short reports. Case reports, brief laboratory observations, preliminary communications, and other short papers may be submitted for this section. Length must not exceed two printed pages of the Archives, i.e. in general not more than 1000 words of text, two figures or tables, and eight references. Single case reports will usually only be considered in this form.

For guidance on ethical aspects authors should refer to Editorials in this journal (1967, 42, 109; 1973, 48, 751). One page proof will be sent to the author submitting the paper.

Reprints. Fifty reprints are supplied free and further reprints may be ordered when the proof is returned.

Authors should check the following requirements before submitting a paper:
(1) Scripts to be top copy and typed in double spacing.
(2) Metric system to be used; temperature in Centigrade.
(3) Institution(s) where work done to be stated.
(4) Address of author(s), if other than above, to be given as footnote.
(5) Name and address of author supplying reprints to be given at end of paper.
(6) Figures: (a) provided with a caption, typed on a separate sheet, (b) referred to in the text.
(7) Diagrams to be drawn on stout white paper; any lettering may be lightly inserted in pencil.
(8) Photographs to be on glossy paper unmounded, and trimmed to include only relevant portion. Any lettering, etc. to be inserted should be indicated on a separate transparent sheet.
(9) Coloured illustrations may be considered, but the author will usually be asked to contribute to the cost.
(10) Tables (numbered in Roman numerals) to be provided with a title.
(11) References in the text to conform precisely to the style current in the Archives. Papers with one or two authors: name author(s) on each occasion the paper is cited. Papers with three authors: name all three when paper is first cited; use—et al. in subsequent citations. Papers with more than three authors: use—et al. in each citation.

(12) References to be listed alphabetically with full title of article or book; title of journal to be given in full.
(13) Summary to be typed on a separate sheet, and confined to what was done, and what was concluded.

Notice to Advertisers

Applications for advertising space and rates should be made to the Advertisement Manager, Archives of Disease in Childhood, B.M.A. House, Tavistock Square, London WC1H 9JR

Notice to Subscribers

Archives of Disease in Childhood is published monthly. From 1 October 1975 the subscription rate will be £24.00 in the United Kingdom and the Republic of Ireland, and £27.00 (U.S.A. $65.50) by surface mail in all countries overseas. Payments for overseas subscriptions should be made in sterling, i.e. £27.00 and sent by Mail Transfer—Charges Remitter—through a Bank to the British Medical Association. Orders can also be placed locally through any leading subscription agent or bookseller. (For the convenience of readers in the U.S.A. subscription orders, with or without payment, can also be sent to: BRITISH MEDICAL JOURNAL, 1172 Commonwealth Avenue, Boston, Mass., 02134. All inquiries, however, must be addressed to the Publisher in London.)

All inquiries regarding Air Mail rates and single copies already published should be addressed to the Publisher in London.

Copyright © 1975 by Archives of Disease in Childhood. This publication is copyright under the Berne Convention and the International Copyright Convention. All rights reserved. Apart from any relaxations permitted under national copyright legislation, no part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form or by any means without the prior permission of the copyright owners. Permission is not, however, required to copy abstracts of papers or of articles on condition that a full reference to the source is shown. Multiple copying of the contents of the publication without permission is always illegal.
