

# ARCHIVES OF DISEASE IN CHILDHOOD

*A monthly journal of paediatrics*

## Original articles

Significance of late reactions after bronchial challenge with house dust mite J. O. Warner

905

Exercise-induced bronchoconstriction, skin sensitivity, and serum IgE in children with eczema J. F. Price, J. J. Cogswell, M. C. Joseph, and G. M. Cochrane

912

Investigation and management of long-standing chronic constipation in childhood G. S. Clayden and J. O. N. Lawson

918

Rotavirus infections in a maternity unit Barbara M. Totterdell, I. L. Chrystie, and J. E. Banatvala

924

Total parenteral alimentation via indwelling umbilical catheters in the newborn period R. T. Hall and P. G. Rhodes

929

Maternal diabetes mellitus and congenital malformation: survey of 205 cases Ruth E. Day and J. Insley

935

Clinical and subclinical vitamin D deficiency in Bradford children J. A. Ford, W. B. McIntosh, R. Butterfield, M. A. Preece, J. Pietrek, W. A. Arrowsmith, M. W. Arthurton, W. Turner, J. L. H. O'Riordan, and M. G. Dunnigan

939

Vitamin deficiencies and neural tube defects R. W. Smithells, S. Sheppard, and C. J. Schorah

944

Analysis of 100 children with severe and persistent hypertension D. G. Gill, B. Mendes da Costa, J. S. Cameron, M. C. Joseph, C. S. Ogg, and C. Chantler

951

Measurements of muscle strength and performance in children with normal and diseased muscle G. P. Hosking, U. S. Bhat, V. Dubowitz, and R. H. T. Edwards

957

Quantitative morphological studies of the developing human cerebellar cortex in various disease states D. R. Gadsdon and J. L. Emery

964

High energy feeding in protein-energy malnutrition O. G. Brooke and Erica F. Wheeler

968

## Short reports

Rickets associated with anticonvulsant therapy in children with tuberous sclerosis D. P. Addy

972

Motor nerve conduction velocity in spinal muscular atrophy of childhood A. Moosa and V. Dubowitz

974

Failure to thrive and death in early infancy associated with raised urinary homovanillic and vanillylmandelic acids M. Hirschberger and F. Kleinberg

977

Childhood actinomycosis: report of 3 recent cases D. P. Drake and R. J. Holt

979

## Correspondence

## Index

995

*Annotation*

**Population differences in body size, shape, and growth rate: a 1976 view.** J. M. Tanner . . . 1

*Original articles*

**Growth patterns and nutrition in Nepali children.** S. Margaret Farquharson . . . 3  
**Continuous positive airways pressure treatment by a face chamber in idiopathic respiratory distress syndrome.** H. Ahlström, B. Jonson, and N. W. Svenningsen . . . 13  
**Crying vital capacity: measurement of neonatal lung function.** M. L. Chiswick and R. D. G. Milner . . . 22  
**Mucociliary transport in trachea of patients with cystic fibrosis.** D. B. Yeates, Jennifer M. Sturgess, S. R. Khan, H. Levison, and N. Aspin . . . 28  
**Oxygen consumption and evaporative water loss in infants with congenital heart disease.** D. L. Kennaird . . . 34  
**Fatty change in the brain in perinatal and unexpected death.** D. R. Gadsdon and J. L. Emery . . . 42  
**Defect of platelet function associated with chronic hypoglycaemia.** R. A. Hutton, A. J. Macnab, and R. P. A. Rivers . . . 49  
**Ketamine anaesthesia for medical procedures in children.** Elizabeth Elliott, T. K. Hanid, L. J. H. Arthur, and B. Kay . . . 56  
**Contribution of fibreoptic endoscopy to diagnosis and management of children with gastro-oesophageal reflux.** P. P. Forget and M. Meradji . . . 60  
**Severe burns in children, 1964-1974.** J. J. Cogswell and A. C. Chu . . . 67

*Short reports*

**Development of CNS leukaemia in acute myeloid leukaemia in childhood.** H. E. M. Kay . . . 73  
**Multiple major cerebral artery thromboses with profound thrombocytopenia in acute leukaemia.** D. G. Sims, D. J. Scott, and T. C. Noble . . . 74  
**Congenital rubella associated with hypsarrhythmia.** R. K. Oates and D. Harvey . . . 77  
**Long-term results of surgical treatment for pulmonary valve stenosis.** J. M. Reid, E. N. Coleman, J. G. Stevenson, J. A. Inall, and W. B. Doig . . . 79  
**Book reviews** . . . 82

*Original articles*

**Genetic aspects of nutritional rickets.** S. Doxiadis, C. Angelis, P. Karatzas, C. Vrettos, and P. Lapatsanis . . . 83  
**Defective opsonization: a common immunity deficiency.** J. F. Soothill and B. A. M. Harvey . . . 91  
**Sick sinus syndrome in children.** Olive Scott, F. J. Macartney, and P. B. Deverall . . . 100  
**Hereditary tyrosinaemia: clinical, enzymatic, and pathological study of an infant with the acute form of the disease.** N. A. J. Carson, J. D. Biggart, A. H. Bittles, and D. Donovan . . . 106  
**Recurrent urinary tract infection in girls: group with lower tract findings and a benign course.** T. R. Welch, Patricia A. Forbes, K. N. Drummond, and M. Bernadette Nogrady . . . 114  
**Chorionic somatomammotrophin as index of fetal growth.** D. R. MacMillan, Ruth Hawkins, and R. N. Collier . . . 120  
**Phototherapy for hyperbilirubinaemia in very low birthweight infants.** M. W. Moncrieff and Janet Dunn . . . 124  
**Neonatal screening for haemoglobinopathy: results in 7691 Manchester newborns.** D. I. K. Evans and V. M. Blair . . . 127  
**Follow-up of children of drug-addicted mothers.** H. Sardemann, Karin Steen Madsen, and B. Friis-Hansen . . . 131  
**Transient acute myositis in childhood.** I. A. McKinlay and I. Mitchell . . . 135  
**Thoughts on treatment of strawberry naevi.** R. S. Illingworth . . . 138  
**Calcium, magnesium, and glucose levels in blood and CSF of children with febrile convulsions.** N. Rutter and O. R. C. Smales . . . 141  
**Two XX males diagnosed in childhood: endocrine, renal, and laboratory findings.** B. M. Laurance, Caryl W. Darby, and M. Vanderschueren-Lodeweyckx . . . 144

*Short reports*

**Relation of urinary total hydroxyproline: creatinine ratio to height velocity in children with retarded growth.** Susan Edwards, M. Hartog, C. A. Pennock, and J. Apley . . . 149  
**Clinical comparison between glucose and sucrose additions to a basic electrolyte mixture in the outpatient management of acute gastroenteritis in children.** P. M. Rahilly, R. Shepherd, D. Challis, J. A. Walker-Smith, and J. Manly . . . 152
