

# ARCHIVES OF DISEASE IN CHILDHOOD

*A monthly journal of paediatrics*

## James Spence Medallist, 1977

### Original articles

- Retrospective study of intellectual development in children treated for acute lymphoblastic leukaemia  
*Christine Eiser and R. Lansdown* 523
- Prognostic significance of radiological bone involvement in childhood acute lymphoblastic leukaemia  
*G. Masera, V. Carnelli, M. Ferrari, M. Recchia, and F. Bellini* 525
- Cardiovascular effects of apnoea in preterm infants  
*C. N. Storrs* 530
- Single-step gastric aspirate shake test: bedside predictor of neonatal pulmonary morbidity  
*A. K. Tanswell, Elizabeth Sherwin, and B. T. Smith* 534
- Alterations in blood pressure during exchange transfusion  
*J. V. Aranda and A. Y. Sweet* 541
- Bucolome in prevention of hyperbilirubinaemia in preterm infants  
*G. Segni, G. Polidori, and C. Romagnoli* 545
- Intramuscular salbutamol in treatment of acute exacerbations of childhood asthma  
*Patricia Thompson and M. Friedman* 549
- Deafness after bacterial meningitis  
*Heather Jeffery, June Scott, Dianne Chandler, and A. E. Dugdale* 551
- Autoantibodies to Tamm-Horsfall protein in detection of vesicoureteric reflux and renal scarring  
*A. Fasth, L. Å. Hanson, and A. W. Asscher* 555
- Evaluation of Vickers-Trexler isolator in children undergoing bone marrow transplantation  
*J. G. Watson, T. R. Rogers, S. Selwyn, and R. G. Smith* 563
- Porcine pancreatin as a source of salmonella infection in children with cystic fibrosis  
*A. Lipson and H. Meikle* 569
- Hepatic glycogen synthetase deficiency: definition of syndrome from metabolic and enzyme studies on a 9-year-old girl  
*A. Aynsley-Green, D. H. Williamson, and R. Gitzelmann* 573
- Salt-losing syndrome in 2 infants with defective 18-dehydrogenation in aldosterone biosynthesis  
*P. J. Milla, R. Trompeter, M. J. Dillon, D. Robins, and C. Shackleton* 580

### Short reports

- Cause of death in tetanus neonatorum: study of 233 cases with 54 necropsies  
*R. Salimpour* 587
- Intestinal damage in rotavirus and adenovirus gastroenteritis assessed by D-xylose malabsorption  
*J. Mavromichalis, N. Evans, A. S. McNeish, A. S. Bryden, H. A. Davies, and T. H. Flewett* 589
- Hypoglycaemia in congenital adrenal hyperplasia  
*J. MacKinnon and D. B. Grant* 591
- Gastroschisis treated with lyophilized dura  
*I. S. Reid and G. Cummins* 593
