ARCHIVES OF DISEASE IN CHILDHOOD

The Journal of the British Paediatric Association

Annotations

- Drugs, infections, and congenital abnormalities R. W. Smithells 93
- Role of circulating soluble immune complexes in disease R. J. Levinsky 96

Original articles

- Effect of children's and parents' smoking on respiratory symptoms M. Bland et al. 100
- Viral infection as a precipitant of wheeze in children: combined home and hospital study I. Mitchell et al. 106
- Management of nephroblastoma in childhood: clinical study of two forms of maintenance chemotherapy Medical Research Council's Working Party on Embryonal Tumours in Childhood 112
- Computed tomography in diagnosis of abdominal masses in infancy and childhood: comparison with excretory urography J. C. Leonidas et al. 120
- Endocrine studies in Fanconi's anaemia: report of 4 cases A. Aynsley-Green et al. 126
- Management of congenital adrenal hyperplasia: urinary steroid estimations—review of their value C. C. Bailey et al. 132
- Serial determinations of oxygen profiles in infants with respiratory distress W. L. Holman et al. 136
- Occurrence of circulating immune complexes in β -thalassaemia major P. Casali et al. 141
- Defective neutrophil chemotaxis and raised serum IgE levels in a child with recurrent bacterial infections and eczema: influence of levamisole J. De Cree et al. 144

- Cows' milk protein-sensitive enteropathy: an important factor in prolonging diarrhoea of acute infective enteritis in early infancy N. lyngkaran et al. 150
- Structure of periadrenal brown fat in childhood in both expected and cot deaths J. L. Emery and Fay Dinsdale 154
- Assessing chances of hospital admission in preschool children: critical evaluation M. E. J. Wadsworth and S. Morris 159
- Aortic thrombosis in the newborn period G. T. Knowlson and H. B. Marsden 164

Short reports

- Effect of practical timing of dosage on theophylline blood levels in asthmatic children treated with choline theophyllinate S. A. McKenzie et al. 167
- Computer system for recording and display of data from newborn infants with respiratory illness L. P. Allen et al. 169
- Effect of phototherapy on thermal environment of the newborn O. R. C. Smales 172
- Severe arrhythmias in Cocksackievirus B3 myopericarditis C. Ward 174
- Improved tube for nasojejunal feeding in low birthweight infants D. Della Pietra et al. 176
- Tubular duplication of the bowel: use of technetium 99^m pertechnetate in diagnosis D. C. Hitch et al. 178
- Acute neonatal and benign citrullinaemia in one sibship E. A. Burgess et al. 179
