

# ARCHIVES OF DISEASE IN CHILDHOOD

*The Journal of the British Paediatric Association*

## Annotations

**Malformations in different ethnic groups**  
*Young* 109

**Club foot** *Klenerman* 112

## Original articles

**Early onset anorexia nervosa**  
*Fosson, Knibbs, Bryant-Waugh, et al* 114

**Reactions to dietary tartrazine** *David* 119

**Remission induced by an elemental diet in small bowel Crohn's disease**  
*Sanderson, Udeen, Davies, et al* 123

**Videourodynamic assessment of diurnal urinary incontinence** *Borzyskowski and Mundy* 128

**Successful management of daytime enuresis using alarm procedures**  
*Halliday, Meadow, and Berg* 132

**Urinary nitrite in symptomatic and asymptomatic urinary infection**  
*Powell, McCredie, and Ritchie* 138

**Vascular access for acute haemodialysis**  
*Gibson, Dyer, Postlethwaite, et al* 141

**Cot deaths, stillbirths, and the probation service**  
*Pugh, Statham, and Jarvis* 146

**Outbreak of cephalosporin resistant *Enterobacter cloacae* infection in a neonatal intensive care unit**  
*Modi, Damjanovic, and Cooke* 148

**New fontanometer for continuous estimation of intracranial pressure in the newborn**  
*Rochefort, Rolfe, and Wilkinson* 152

**Influence of intravenous fat emulsion on serum bilirubin in very low birthweight neonates**  
*Brans, Ritter, Kenny, et al* 156

**Human milk vitamin content after pasteurisation, storage, or tube feeding**  
*Van Zoeren-Grobbe, Schrijver, van den Berg, et al* 161

**Knemometry in assessment of linear growth**  
*Wales and Milner* 166

**Oral methotrexate is as effective as intramuscular in maintenance therapy of acute lymphoblastic leukaemia**  
*Chessells, Leiper, Tiedemann, et al* 172

**Serological study of *Pneumocystis carinii* infection in the absence of immunosuppression**  
*Gerrard, Eden, Jameson, et al* 177

**Ten minute radiopharmaceutical test in biliary atresia** *El Tumi, Clarke, Barrett, et al* 180

**Iron deficiency in cystic fibrosis**  
*Ehrhardt, Miller, and Littlewood* 185

## Short reports

**Colorectal polyps: an important cause of rectal bleeding** *Perisic* 188

**Hearing loss due to mumps** *Hall and Richards* 189

**Meningitis presenting as hypertension**  
*Waters and Gillis* 191

**Phosphatidylglycerol in tracheal aspirates for diagnosis of hyaline membrane disease**  
*Francoval, Magny, Ropert, et al* 193

**Platelet thromboxane B<sub>2</sub> production in neonatal pulmonary hypertension** *Kääpä* 195

**Noonan's syndrome and neurofibromatosis**  
*Shuper, Mukamel, Mimouni, et al* 196

**Hydrops fetalis due to abnormal lymphatics**  
*Windebank, Bridges, Ostman-Smith, et al* 198

**Prognosis of chronic hepatitis B transmitted from HBsAG positive mothers**  
*Bortolotti, Cadrobbi, Armigliato, et al* 201

## Personal practice

**Antibiotic use in the neonatal unit**  
*Isaacs and Wilkinson* 204

## Personal view

**Epilepsy and prejudice** *Taylor* 209

**Correspondence** 212

**Book reviews** 216
