

# ARCHIVES OF DISEASE IN CHILDHOOD

*The Journal of the British Paediatric Association*

## Annotation

Fragile X mental retardation *Winter* 1223

## Original articles

Early experience of heart-lung transplantation  
*Smyth, Higenbottam, Scott, et al* 1225

Commentary *Warner* 1229

Prognostic importance of myelosuppression  
during maintenance treatment of lymphoblastic  
leukaemia *Dolan, Lilleyman, and Richards* 1231

Monitoring treatment in congenital adrenal  
hyperplasia *Appan, Hindmarsh, and Brook* 1235

Teenage sexuality: implications for controlling  
AIDS *Curtis, Lawrence, and Tripp* 1240

Bronchoalveolar lavage in HIV infected  
patients with interstitial pneumonitis  
*de Blic, Blanche, Danel, et al* 1246

Cows' milk sensitive enteropathy in cystic  
fibrosis *Hill, Phillips, Mearns, et al* 1251

Rectal mucosa in cows' milk allergy  
*lyngkaran, Yadav, and Boey* 1256

Which routine test for kidney function?  
*Parkin, Smith, and Brocklebank* 1261

Neonatal renal function assessment  
*Clark, Bryant, Hall, et al* 1264

Why nebulise for more than five minutes?  
*O'Callaghan, Clarke, and Milner* 1270

Tumour necrosis factor- $\alpha$  in infectious  
meningitis *Nadal, Leppert, Frei, et al* 1274

Onset and severity of hearing loss due to  
congenital rubella infection  
*Wild, Sheppard, Smithells, et al* 1280

Lung function in children of low birth weight  
*Chan, Noble-Jamieson, Elliman, et al* 1284

Respiratory symptoms in children of low  
birth weight *Chan, Elliman, Bryan, et al* 1294

Pressure flow characteristics of the valve in  
spacer devices *Sennhauser and Sly* 1305

Polycystic ovary syndrome in a virilised,  
premenarcheal girl  
*Clarke, Piesowicz, Edmonds, et al* 1307

Successful treatment of a harlequin fetus  
*Ward and Jones* 1309

Effect of dystonic movements on oesophageal  
peristalsis in Sandifer's syndrome  
*Puntis, Smith, Buick, et al* 1311

Obesity and diabetic control  
*Abusrewil and Savage* 1313

Increased concentration of aluminium in  
the brain of a parenterally fed preterm infant  
*Bishop, Robinson, Lendon, et al* 1316

Gowers' sign revisited *Wallace and Newton* 1317

## Controversy

Diagnosis of coeliac disease: time for a change?  
*Guandalini, Ventura, Ansaldo, et al* 1320

Commentary *McNeish* 1324

## Personal practice

Chronic idiopathic thrombocytopenic purpura:  
primum non nocere *Chessells* 1326

## Contemporary history

Paediatrics at King's College Hospital  
50 years ago *Evans* 1329

## Current topic

Paediatric infectious diseases: some recent  
advances and future priorities *Davies* 1332

Neonatology—then and now *Walker* 1339

Correspondence 1341
