

ARCHIVES OF DISEASE IN CHILDHOOD

The Journal of the British Paediatric Association

- | | |
|--------------------------|---|
| Annotations | 469 Cerebral ultrasound and neurological impairment: telling the future <i>M I Levene</i> |
| | 471 Incidence and prevalence <i>P O D Pharoah</i> |
| Original articles | 472 Intelligence and quality of dietary treatment in phenylketonuria <i>I Smith, M G Beasley, A E Ades</i> |
| | 479 Early identification of hearing loss: screening and surveillance methods <i>P E Scanlon, J M Bamford</i>
Commentary <i>B McCormick</i> |
| | 486 Is late walking a marker of morbidity? <i>A Johnson, O Goddard, H Ashurst</i> |
| | 489 Haemophilus influenzae infections in siblings: the need for prophylaxis <i>A Dale, S Court</i>
Commentary <i>E R Moxon</i> |
| | 491 Acute epiglottitis in children and adults in Sweden 1981-3 <i>B Trollfors, O Nylén, K Strangert</i> |
| | 495 Changes in bacterial meningitis <i>P E Carter, S M Barclay, W H Galloway, et al</i> |
| | 499 Disturbed nights in 3-4 month old infants - the effects of feeding and thermal environment
<i>M P Wailoo, S A Petersen, H Whittaker</i> |
| | 502 Idiopathic thrombocytopenic purpura: predictors of chronic disease <i>L G Robb, K Tiedeman</i> |
| | 507 Cystic fibrosis and allergic bronchopulmonary aspergillosis <i>E J Simmonds, J M Littlewood, E G V Evans</i> |
| | 512 Effects of overweight on lung function <i>K P Fung, S P Lau, O K W Chow, et al</i> |
| | 516 Properties and clinical implications of body mass indices <i>K P Fung, J Lee, S P Lau, et al</i> |
| | 520 How do parents of babies interpret qualitative expressions of probability? <i>N J Shaw, P R F Dear</i> |
| | 524 Transcutaneous oxygen saturation in sleeping infants: prone and supine <i>S Levene, S A McKenzie</i> |
| | 527 Intradermal hepatitis B vaccination in thalassaemia <i>S Leonardi, T Reggio, A Sciacca, et al</i> |
| | 530 Decline in head growth and cognitive impairment in survivors of acute lymphoblastic leukaemia
<i>R E Appleton, K Farrell, J Zaide, et al</i> |
| | 535 Categories of preventable unexpected infant deaths <i>E M Taylor, J L Emery</i> |
| | 540 Pathology mimicking distal intestinal obstruction syndrome in cystic fibrosis <i>A M Dalzell, D P Heaf, H Carty</i> |
| | 542 Nephroblastoma presenting with acute hepatic encephalopathy <i>S Kinmond, R Carter, C H Skeoch, et al</i> |
| | 543 Hydrocephalus, bronchiectasis, and ciliary aplasia <i>M M De Santi, A Magni, E A Valletta, et al</i> |
| | 545 Congenital rubella after previous maternal immunity <i>B D Das, P Lakhani, J B Kurtz, et al</i> |
| | 546 Sturge-Weber and Klippel-Trenaunay syndromes with absence of inferior vena cava
<i>G Stewart, G Farmer</i> |
| Current topic | 548 Lung function testing in infancy <i>A D Milner</i> |
| Personal practice | 553 Rehabilitation of head injured children <i>D M B Hall, S L J Johnson, J Middleton</i> |
| Personal paper | 557 Life saving intervention in the neonatal period: dilemmas and decisions <i>P M Dunn</i> |
| | 559 Letters to the editor |
| | 562 Book reviews |
