

**FOR  
FASTIDIOUS  
PATIENTS**

who cannot take cod-liver oil, or thick oily emulsions, this new preparation supplies in a pleasant, tempting form vitamins A and D (equivalent to its own volume of high-grade cod-liver oil) together with calcium lactate (7½ grains in each ounce).

**ADEXOLIN  
EMULSION**

4-oz. bottles 1/6  
8-oz. bottles 2/6

*less usual professional discount.*

**FOR  
PROLONGED  
TREATMENT**

of acidosis, patients need, besides glucose, the calcium and phosphorus regulating vitamin D, in which their low fat diets are deficient. They get this combination, together with calcium glycerophosphate, in Glucose-D.

**GLUCOSE-D**

CALCIUM—VITAMIN—  
REINFORCED GLUCOSE

1-lb. tins 1/9  
7-lb. tins 10/6

*less usual professional discount.*

**When  
prescribing  
Calcium**

you can make certain that your patients will assimilate it by prescribing Ostelin at the same time. Ostelin Liquid, being completely miscible with water, is the only standardised vitamin D concentrate that can be included in medicinal mixtures. Phials 2/6. Also in 2oz., 4oz. & 8oz. bottles *less usual professional discount.*

**Ostelin  
Liquid**
